

2014 Gardening Talks

DIARY OF A SPRING GARDENER PART 1

Monday, February 17 7pm

Learn about the timing of an annual vegetable garden from grower Pauline Mahoney. Get advice on when to start seedlings, when and what to direct seed, and when to transplant.

DIARY OF A SPRING GARDENER PART 2

Monday, March 10 7pm

Live demonstrations of seed starting and tips on raising vigorous seedlings. Learn about potting mix, watering, use of organic fertilizers and compost tea, with Pauline Mahoney.

VEDUCATION - Year Round Greenhouse

Monday, March 31 7pm

Find out about the experimental greenhouse project at Smithers Secondary School which involves the use of compost heat to grow high nutrient produce 365 days a year.
