

DALLAS NIKAL

Awarded the 2017 Irving Fox Memorial Scholarship for Natural Resources Research and Management

The BVRC was pleased to present the 2017 Irving Fox Memorial Scholarship for Natural Resources Research and Management to **Dallas Nikal**, who graduated from the Associate of Science (Geoscience Specialization) Program at Northwest Community College in Terrace. Currently, Dallas is completing his educational journey at UNBC in the Natural Resources Management (NRM) BSc degree program with a Major in Wildlife and Fisheries.

Dallas has worked with the Office of the Wet'suwet'en in the Wildlife and Fisheries Department and with the Natural Resource Departments as a biologist-in-training after he graduated from NWCC. Dallas wanted to further his education for himself and to set an example for his son. Dallas is interested in working on Wet'suwet'en territory when he completes his degree.

As a family man completing university studies, this scholarship will greatly help with the expenses of student life.
